JUNIOR POULTRY VETERINARY INFORMATION

A health certificate is NOT required by the Washington State Spring Fair. The health status of entries will be ascertained at the time of entry, and will continue under the Animal Health Department's surveillance while on the grounds. All entries must be free from visible evidence of infectious, parasitic and contagious diseases when presented, and must remain so while on exhibit. No animal from a quarantined area or premises will be permitted to enter the grounds. The Fair Veterinarian will be the final authority in determination of suitability for exhibition.

Exhibitors should note and respect the potential for exposure to health threatening conditions while at the Fair. Crowding of animals and birds, long distance hauling, and changing environmental conditions are major stresses to which exhibits are subjected. Animals and birds, like humans, have the capability to become recovered carriers of viruses or other infectious agents. Exhibition-imposed stress may cause a recrudescence or reactivation with resulting outbreaks of the disease, as occurs with malaria in humans. The Fair management will do all in its power to protect exhibits while on display.

The exhibitor has important responsibilities prior to the Fair. These responsibilities should be implemented a minimum of three weeks before entering the fair circuit. Vaccinations must be up to date, and an effective parasite control program employed. State-of-the-art prophylactic care is strongly recommended for all animals to be exhibited.

Livestock on exhibit at the Fair are the very best of their species and breed, and must present this image to the viewing public.

PIGEONS / POULTRY

A health certificate is not required by the Spring Fair. An inspection will take place at the Spring Fair when your animals arrive. Please read the general rules above.

COMPANION ANIMALS PROHIBITED

Animals and birds not intended for exhibition will be denied entry to the Spring Fair. Please leave your pet at home for its own protection, with the exception of service animals. They should be properly protected against infectious and communicable diseases as indicated for exhibit animals.

OBJECTIVES AND PURPOSES

The objectives and purposes of the Washington Junior Poultry Exposition are to promote Washington state agriculture, economic growth, ecology, and education by providing an opportunity for the youth of Washington to feature and display for the public poultry-related projects developed by FFA, 4-H and Open Class exhibitors through club and individual efforts.

JUNIOR POULTRY EXPOSITION RULES AND REGULATIONS

IMPORTANT NOTICE TO POULTRY AND PIGEON EXHIBITORS

Avian influenza is a highly contagious viral disease among all species of birds. Our exhibitors should be advised that the scheduled 2018 Poultry and Pigeon shows may be cancelled if conditions warrant. In the event of a cancellation, entry fees, if applicable, will be refunded.

Exhibitors:

1. During the Spring Fair, ALL vehicles must be off the grounds by 9 am or the vehicle will be towed.
2. All entry forms must be in the Junior Poultry manager's office by March 29, 2018. No late entries will be accepted. The show reserves the right to limit entries. Any bill due to the Exposition will be paid before prize money is paid, or will be taken from premiums. Otherwise, exhibitors won't be permitted to show next year until their account is settled.
3. All poultry exhibits must be delivered to the Exposition at the Spring Fair, 6 - 8:30 am April 19, 2018. Late entries will not be accepted. Check email and Facebook page the day before coop in for directions to enter the fair grounds.

Please do not unload entries until advised to do so. Only one vehicle will be permitted to unload at a time for Bio Security.

4. Each crate must have a solid bottom and have clean bedding to protect the appearance of the entry. SOILED OR DIRTY BIRDS WILL BE REJECTED BY SHOW MANAGEMENT. Crates must be removed from the grounds or they will be disposed of by show management.
5. All exhibitors attending the show must be responsible to a high school agriculture instructor or a 4-H leader. Open youth must be responsible to an adult.
6. Instructors, leaders and parents are responsible for the completion and accuracy of entry forms. Exhibitors must fill out a master form that includes all entries. Improper or incomplete entries will be disqualified. Entries will be judged as entered.
7. 4-H Club members and FFA members will not compete against each other, unless there are not five entries in a class/group.
8. Birds must be owned or managed by the exhibitor at least 60 days prior to the show, and must be entered by breed, variety, and sex.
9. Leg bands are **required** for all birds entering the barn.
10. If you have any old bands or bands on your birds, you may use them. Numbered bands may be purchased at the show for \$1 each while supplies last.

11. An exhibitor shall enter only as 4-H, FFA or open youth.
12. Due to cage limitations, each exhibitor will be allowed fifteen entries. If there are cage openings, exhibitors will be contacted by the manager and openings will be filled by order in which entry is received.
13. All birds must pass disease and parasite inspection by veterinarians upon arrival and during the show. Inspect your birds! Clean birds are YOUR responsibility. Diseased birds and birds with lice or mites will be rejected. Dust your birds 14 days before the show. The show management or vet will deny entry to any animal or exhibit they deem unworthy for public display.
14. The Exposition will provide feed. Feed is the property of the Spring Fair. It is not to be removed from the grounds.
15. Hybrids developed for laying purposes can be entered in the commercial class.
16. All entries will be accepted with the understanding that neither the show organization, nor the Spring Fair or their officers shall be held responsible for any damage or loss that may arise to poultry and other exhibits on exhibition.
17. Bantams described in American Standard of Perfection or American Bantam Association Standard will be allowed. NO HYBRIDS OR CROSSES.
18. Birds must be removed by exhibitor. The Exposition suggests that birds be quarantined for 14 days before re-entering home flocks to eliminate possibility of introducing diseases to home flocks.
19. No sales will be permitted, nor will "FOR SALE" cards be allowed on cages or on Spring Fair property.
20. WJPE (the show) is hosted by Washington State Fair (the "Fair"). Please address any conflicts to the WJPE show manager, not the Fair staff. Conflict resolution must be followed in the order listed below.
 - a. Exhibitor will meet with the show manager (may have parent/guardian present).
 - b. Parent/guardian will meet with show manager with exhibitor present.
 - c. Exhibitor with parent/guardian meets with show manager and a member of manager's board.
 - d. Exhibitor may write a "Letter of Protest." See Penalties and Protests in the premium book.
21. No eggs will be allowed to remain in cages or be saved.
- 22. INSTRUCTIONS TO JUDGES:**
 - a. All large fowl egg production breeds will be entered in Commercial class and judged on basis of production. Such birds may be dubbed or beaks trimmed. All meat breeds will be graded in USDA grades. Duck classes shall be judged by the American Standard of Perfection. All poultry, excluding Commercial class, pigeons and miscellaneous, must be classified according to American Standard of Perfection or American Bantam Standard.
 - b. The judge may consider an entry not worthy of an award.
 - c. The following will be considered as a basis of disqualification from show:

SERAMA TABLE TOP SHOW

NEW EVENT!

The Table Top Show will be held under Serama Council of North America (SCNA) guidelines. You must enter the show to enter in the Table Top Show. Accustom your bird to posing on a table. Remember that character as well as type are being judged.

The handler will carry the bird to the table in front of the judge, pose it and step back while the judge examines the bird.

This will be a fun event and a unique opportunity to show off your Serama. We hope no one will be afraid to try this due to inexperience. Most of us will be doing this for the first time.
